## Bentley News

Mr. J. H. Danson returned last week from Elvaeton Illinois where with his wife and daughter he has been visiting with Mrs. Day, Mrs. Danson's Mother. Mrs. Danson is staying on down there for a while owing to her mother's illness.

Now that seedling is over, why not paint your house or barn? We have the paint, use it to protect your buildings, Morrison and Johnston, Ltd. Bentley.

Rev. J. M. Fawcett is attending the Methodist Conference in Calgary during this and last week.

We are glad to note that work is being done on the Gull Lake-Lacombe Road. We trust they will not leave this part until they have brought their engine and grader to Bentley, and made the road for a mile west of the village at least possible, it is in the worst state we have seen it for years.

Mr. William Scott returned from Eastern Canada with his wife last Saturday; such weather conditions as we were experiencing just then was rather a poor reception for new comers.

Mr. Gamble who has purchased Bob Woolgars homestead 10 miles north of Bentley, was in Calgary last week meeting his wife, mother and brother, who have come west to stay, we hope.

Just in, a shipment of Crocks, Milk Pans, Churns and Jugs—Morrison and Johnston, Bentley.

Owing to the bad weather of Friday last, the dance which was to have taken place in Whittels barn was postponed.

Mrs. D. W. Danson and Miss Ethel Blish took the train to Calgary on Monday last. The Lockhart, Sunset and Bentley Locals of the U.F.A. are purchasing a car of twine, and any farmers wishing to get in on this are requested to attend the next meeting on Saturday evening June 7th at Bentley. They will be expected to pay a deposit of 50c. per 100 lbs. on what they order.

There will be a big dance in Whittels' barn on Friday evening, June 13, to which everyone is invited. Ladies are requested to provide supper, and good music is assured. Chas. Whitworth will have charge of arrangements. We expect a car of wire on June 6th. Morrison and Johnston, Ltd. Bentley.

July First will be Celebration Day at Bentley this year, and the citizens are now busy engaged in making out a most attractive program of sports. Baseball, basketball, tennis and athletic sports of all kinds will be provided, and good cash prizes will be put up. Keep July First reserved for Bentley and be there.

## Clive News

### Clive Sports

Clive is going to celebrate in royal fashion this year, and have decided on Wednesday, June 18th for the big day. A splendid program of sports, including a baseball tournament in which Lacombe, Rimbey, Mirror and Clive will participate; a Basketball tournament, running and jumping, tug-of-war, etc., has been prepared, and good cash prizes are being offered. The Stettler Brass Band has been secured for the day, and no expense has been spared to make this event a success. The citizens are putting up over six hundred dollars, for this sports day, which sets a record for any of the smaller Central Alberta towns. B. F. Allison is chairman of the sports committee, and W. W. Wrighton is secretary. Be there and enjoy the best day's sport of the season.

### Clive U. F. A.

The regular meeting of the Clive Local U. F. A. will be held in Breton's Hall, Clive at 2 o'clock, Saturday afternoon June 7th. All members, old and new are requested to be present as important business is to come before this meeting. If you are interested in the general welfare of your community, be there on Saturday Next.

You are Welcome.

**G. W. V. A.**  
A regular meeting of the G. W. V. A., Lacombe Local was held at the Veteran Theatre on Sunday June 1st, at 2 p.m. with an attendance of about 25. The resignation of F. R. Nelles as president was duly accepted, and new officers elected. R. H. Inglis was elected president, Nelles, vice-pres.

ident, J. R. D. McDowell, secretary. A new executive committee was also chosen, consisting of H. Tyrell, D. G. Thompson, R. O. Folis, W. Kent and J. McKenny. Considerable discussion was engaged in over the question of a memorial, and it was decided best to hold a general meeting on Sunday June 8th, at 2 p.m. at the Veteran Theatre for the general discussion and adoption of some definite plan. The executive committee were duly authorized to see that the club rooms were furnished with a reasonable amount of furniture. It was also decided to hold a banquet on or about the 4th of August and the entertainment committee were empowered to carry out arrangements. At this point the meeting adjourned.

**W. M. M. TOUGHE**

## Overland

### Their Pride Is a Deeper Thing

The fact that an Overland Model 90 stock car recently broke the world's non-stop high gear record in Oklahoma, U. S. A., does not add to the pride of Model 90 owners.

Their pride is a deeper thing. It has developed through weeks and months and years of wonderful personal experience with Model 90 cars, under the trying conditions of every day's demands.

To really know how well a car can be built for so economical a price you must know Model 90.

Terms and pedigree on application.  
The Stallion GLENWOOD PICADOR, a splendid young stallion is for sale at a reasonable price. Call or see the owner.

## Morningside News

Our school is progressing very favorably under the very able tuition of Miss McLean, who came here from Vancouver a few weeks ago. We wish her continued success.

Everybody was glad to welcome Lloyd Bowie home from over seas, who arrived in Morningside last week. A short time before leaving England he met Ross Avery in Edinburgh. Ross is looking fine and seems to be enjoying himself.

Mr. and Mrs. Skinner and Miss Bessie, spent last Sunday with their friends, Mr. and Mrs. Shaw near Lacombe.

Misses Irene and Mary Hamilton of Lacombe spent the week end with Mr. and Mrs. Ryers.

Mr. and Mrs. Turner of Edmonton, are visiting their daughter, Mrs. Preston.

Messrs. Wilson and Wheeler, of Calgary, have been recent visitors with their old friend, J. W. Wijlke.

Rev. A. Stewart of Tofted, has moved onto his farm northwest of Morningside.

Mr. Sheppard was unexpectedly called away to Nebraska on account of the serious illness of his mother.

Ivan Warren, of Ingersoll, Ont., is visiting his friend, Richard Noad, Earl Warren who visited here a few weeks ago has taken a position at Banff.

Do not forget the ice cream social that is to be held in the Church on Friday evening, June 6. Come and enjoy the good ice cream and fancy cakes the Morningside ladies are noted for. A program will be given, after which the refreshments will be sold. Proceeds will be spent in church improvements. No admission fee. Everybody welcome.

Our genial merchant, Mr. Skinner, is one of the latest to purchase a Ford. It is very pleasing to all travellers to our town to have a free jitney run from the depot to the city limits. No one now need to have any fear of getting lost, as "Shorty" meets all trains and will only be too glad to take the visitors around.

A very pleasant school picnic was held on the 24th at Southside Park. Various sports were indulged in, and all treated to ice cream and cake.

Private Ed. Carter arrived home on Saturday from Siberia.

Mr. and Mrs. Chapman motored down from Edmonton and are visiting with Mr. and Mrs. Carter.

## Ponoka News

Our community was grieved to learn Sunday that Mrs. Andrew Reid, beloved wife of our esteemed townsman, had passed away. She had been in rather indifferent health for several months, but not till the last three weeks did her illness appear serious. Like many others she had suffered from influenza, and this left her in a weak condition.

At the auto races held at Wetaskiwin on Victoria Day, a bad accident took place, whereby Mrs. N. Vold, of Asker, and Miss V. Story were injured by one of the racing cars.

By some means one of the autos skidded at a nasty curve on the race track and dashed through the fence and collided with R. Hensby's car, in front of which the two unfortunate ladies were standing. Mrs. Vold being crushed between the cars and Miss Story receiving a fractured leg.

Both ladies were taken to the Wetaskiwin hospital, and latest reports state that the victims of the accident are doing as well as can be expected.

## OVER-EATING

is the root of nearly all digestive evils. If your digestion is weak or out of kilter, better eat less and use

## KI-MOIDS

the new aid to better digestion. Pleasant to take—effective. Let KI-MOIDS help straighten out your digestive troubles.

MADE BY SCOTT & BOWNE  
MAKERS OF SCOTT'S EMULSION

## More Baby Killers

The Edmonton Bulletin has the following remarks to make of the attitude of the striking express company employees, whose action practically left Edmonton without milk or cream, and jeopardized the lives of thousands of infants in that city.

The express messengers union signed up an agreement since the first of the month under which they secured more pay with less hours to work. They have no grievance against the railway companies or the public. They are doing what they are doing under the orders of the strike committee of the Trades and Labor Council of Edmonton. They are "Baby killers" as surely as were the crews of the Zeppelins that bombed industrial England, and the strike committee that ordered them to refuse to handle cream into the city is directly responsible—as responsible as was the ex-kaiser for the orders that he gave and for which he is shortly to be tried for his life.

## Normal Weight

Perhaps you are worried because your child does not pick up in weight? Better try

## Scott's Emulsion

and watch how it helps make a thin child grow and put on weight. There is nothing quite so strengthening as Scott's Emulsion for a child of any age.

Scott & Bowne, Toronto, Ont. 1915

The Women's Institute served splendid lunches at the Bull Sale and their work was greatly appreciated by visitors.

## Trying To Smash The Unions.

(Edmonton Bulletin)

The locomotive engineers and firemen refuse to join the sympathetic strike, that being contrary to the laws of their organizations, and expressly forbidden by their executive officers. That appears to be the attitude of the executives of international labor organizations generally. Yet members of many of these organizations have gone out in obedience to the orders of the local Trades and Labor council, either without permission from headquarters or in defiance of orders not to strike. That of course, is primary the business of the parties concerned and what may follow in the way of disciplinary measures from the international bodies is their affair. But so far as the public are concerned, the effect is to raise a question as to the validity of agreements made by members of an international organization.

If these agreements are subject to violation on orders of a local Trades council which was not a party to them, and in defiance or without permission of the executive bodies of the organizations, how much dependence can be placed in such agreements in future? The whole question of whether trade contracts are binding contracts or on scraps of paper is thus raised. This "sympathetic strike" looks very much as though it were directed against the international labor unions, rather than the employing class. If members of such unions can be got to ignore or defy their chief executives and go out in obedience to some other authority, they thereby become outlawed; and, having lost both public confidence and material backing of international, will be at the mercy of the "Reds." The sensible course for the men who now find themselves in that position would seem to be to get back on the job.

As soon as the Bolsheviks withdrew from Petrograd, the Allies will undertake the feeding of the residents of that city. That should be a strong inducement to the residents to give the Bolshevik bunch a really pressing invitation to get out.

Lethbridge miners on strike made a bad break when they attacked a trainload of workers coming from the mines where they had been employed keeping things in order, but not mining coal. There can be no public sympathy with that sort of thing.

An Edmonton Labor paper advises strikers in that city to return to their work, contending that the object of the strike has been achieved, the authorities being shown that Edmonton workers are in sympathy with the demands of their Winnipeg brothers. That is splendid advice and the Edmonton workers will make no mistake if they follow it.

## DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

## AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rashes, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

## Dairy Farm for Sale

**Cream Shippers**

Patronize your Home Creamery

You have a creamery in your own district that is a manufacturer of high dairy products. We have the reputation that follows quality, we can show more prices for quality than any other creamery company in Canada, therefore you do not need to ship your cream to Calgary or Edmonton for skill in manufacture, efficient service, or right prices. We do not employ any special agents or canvassers for you to pay for. It will pay you to think it over.

Now that Spring has sprung, ship your cream to Lacombe Creamery.

Payments made prompt every week, or cash.

**D. Morkeberg, Creamery Co. Ltd.**  
W. Hanson, Mgr.

## SID AND HIS LETTERS

Sid Tells Bill All About Gardening

Laughable letters from a boy from the slums of a city, written to his friend Bill.

Written by Barney Halpin.

Dear Bill:

I got yure letter the other day, also the paper with my pome in it I never told you to put all ov the letter in it but I sea you done it, I ges it didnt hurt anyway, it wil tel the peopl of the sitee what farm life is like, wont it bill. I have some very good noos to tel you this time. Mary is cum in home nex weak and she sez that she likes me better ever since she has been away, she sed the fellas at Winnipeg are not nearly as nice as I am, goah I am glad she still luvess me eh bill, I ges you can trust girls after all, or at least som of them you can. we are all thru sending now an we are busy these days attending the live stock which as I telt you befour are hoarsses, and kows an everything, we are also kep blay weading the garden yet, goah if the vegitibels grow as fast as the weeds we wood only havta have one roe of each kind which are, letus, cabige, turnups, caruts, pees, beens, paramups, unyuns, and caleflour. besides a few others that I can't apell rize, we are also blay killing geofurs an crows, the last things are great big burds the same culur as black burds but about ten times larger, they have the same habite as the geofurs which is as I sed befour, they eet the grass what has juv been blantid. I think it is lots ov fun kllin them, we dont kil them the same way as we kil gofers as they do not liv in the groun, we just shute them with a 22, which is the naim that they giv to smol guns I dont no why they call them 22s for les it is cuz you havta shute about that often befour you hit anything, tom an I wuz to the vilig agen yesterday, we shure had fun, we went to the grovure store an I played lot as triks on him, he sed I wuz wur than tom in Cuth up capers, I ast him if he didnt mean papers an that I never cut up papers sins I wuz a lile boy, he sed I wuz awful smart an if giv him any more ses hed pick me out ov the store, I sed that I never giv any sas at al as I didnt oftun take stuf to eet with me when I went to town, an that it wud luk nice for me to be goin roum with a tin of apul size with me. Wel bill I must close now as I havta go an finish weeding the garden as it lux as if it mite reign tomorrow, so long til then. sid.

## NOTICE To Auto Owners

We have the most up-to-date plant in Alberta. Irons of all sizes and curves for vulcanizing and repairing auto tires. ## LACOMBE BULL SALE.

### The Bull Sale

That the Bull Sale at Lacombe must become a permanent institution was demonstrated last week, when one of the best sales ever held in the Province took place. The prices averaged were away ahead of the prices realized at Calgary, and unlike Calgary's sale, more bulls could have been disposed of than were offered for sale. Manager Richardson was greatly pleased with the very complete arrangements made for the showing of the stock and the accommodation of the buyers, and was of the opinion that this year's splendid success would go a long way towards placing Lacombe's sale on the same level as that of Calgary.

Secretary Welch of the Agricultural Society, saw that all visitors were provided with a comfortable place to sleep, he having solicited rooms among the citizens of Lacombe, who responded cheerfully.

Following is the result of the judging in the various classes.

Some splendid animals were paraded before Judge John Wilson of Innisfail on Tuesday last, the first day of the Lacombe bull sale. The bulls on the whole, were better than last year and among the Herefords and the Shorthorns there were some specially good individuals. The Herefords were a better class than last year and the champion Hereford bull was probably the best individual at the show.

**Shorthorns were Strong**  
The Shorthorns brought out some fine classes right through the list, but the Angus taken as a class was not up to the average of the other breeds.

One of the features of the judging was the fact that unless the judge found the animals to merit a ribbon, none was awarded. It has too often been the case at shows of this kind, and at agricultural fairs if inferior animals were brought out they would be given first, second and third prizes whether they graded up or not, but in one instance two bulls were shown in a class and no award made. In another class no first prize was awarded. In another, no third prize, although a third animal was shown. This is a distinct advance, and means that when an owner wins a first prize it will represent something and will also protect the purchaser, who is looking for a herd sire but is not a reasonably good judge.

**Champion Hereford**  
The Champion Hereford bull was "Willow Spring Atkins" which was first in the two year old class, owned by P. M. Ballantine of Lacombe. The bull was one of Frank Collicutt's breeding from Fairfax Perfection, and a grandson of the champion cow "Sally." It was a breezy, outstanding animal.

Standing reserve to the Ballantine bull was "Publisher 2nd," owned by Fred Cowman of Cremona in the 1918 class.

In the junior yearling class first place was taken by W. D. Reid of Lacombe with "Kenneth of Cuba." In the senior yearlings Paul Broderon of Lacombe won the red ribbon with "Alex." In the two year old class where Willow Spring Atkins was the winner and afterwards the champion of the breed there were ten animals brought out.

In the aged class three were shown, the winner being "Willow Spring Farnum" another of Frank Collicutt's breeding shown by Mrs. Ida Printup of Irma.

**Shorthorns**  
J. A. Robertson of Lacombe won the Shorthorn Championship with "Kimmied Friar," a classy looking red roan, three years old. The bull was bred by T. Betram Ralphs of Aldridge. The bull was well worthy of his placing, good color and good conformation. In his class he was the only one shown, but held his place at the top of the line when the other red ribbons came out against him for the championship.

Standing reserve was "Missie Laddie," owned by H. S. Currie of Castor. This was another roan, bred by F. W. Hodson. This bull was just a little over a year old, and won out in his class against thirteen.

In the senior yearlings "Lavender" shown by R. F. Woelk of Carstairs, won first place. In the two year olds T. Betram Ralphs of Aldridge won out with "Martins Ramsden" in a class of five. John Ellis of Lacombe was first in the aged class with "Alfred."

**Aberdeen Angus**  
Henderson Bros. of Lacombe won the purple ribbon in the black cattle with "Black Donald 3rd." This bull was just thirteen months old, bred by the owners who were showing two in this class both sired by "Wildwood Rob Roy." Reserve championship was won by J. H. Morrison and Sons of Bentley with "Alva Alamo."

In the aged class three were shown but no first prize awarded. In the 1918 class the judge did not consider that either of the animals shown deserved an award and no ribbon was given.

**Red Felled**  
In the Red Felled only two animals were shown both in the 1917 class and were awarded second and third ribbons.

It was noted that very few of the bulls shown in any breed were in the aged classes. Nearly all were young animals and for most part were shown in good condition.

**Herefords**  
Class 1. Bulls born in 1915 and afterwards. 1 Bonnie Brax Milton, W. D. Reid, Lacombe; 2 Refiner 13th, Dr. Allison Smith, Medicine Hat; 3 Lakeview Sam, James Berry, Lacombe; 4 Monarch 22nd, Dr. Allison Smith; 5 Lakeview Jos, James Berry.

## It's Up to You!

Why should you go through life with half sight, or poor vision? The other day I fitted a man with glasses who had gone through life so near sighted that he could not recognize a friend across the street. This man had never known the joy of clear vision; and it was a pleasure to see his delight when he viewed distant objects for the first time.

Then there is a person who has a headache after reading for a short time. It is more painful that the near sighted condition, but yields equally when proper glasses are worn. If you are having trouble with your eyes, have them tested.

## Other Nations lining up for Prohibition.

Edmonton, May 30th.—The views of many foreign nations relative to prohibition movement were expressed at the meeting held in the First Presbyterian Church last night, which was well attended, considering the inclement night.

All the speakers on the platform were confident of the future of the "dry movement." The meeting was presided over by H. H. Hull.

Monsieur Jean La Fort a veteran "polit" of the French forces and who was a prisoner of war in Germany, was the first speaker. M. La Fort is the representative of the French government and the anti-alcohol league. In broken English the visitor praised the part Canada had played in the war and expressed the desire that they would continue to assist in the campaign the anti-alcohol league were now putting on in France.

A detailed account of the prohibition movement in Scotland was related by Rev. Allison, of Glasgow, who also stated that he hoped Scotland would be the first of the British Isles to go dry.

"Prohibition is a severe measure but measures require severe remedies," declared Mr. Guley of Belfast.

Representatives of the Scandinavian countries, Rev. Mr. Osterlund, was the next on the platform and gave a detailed account of Iceland and the movement. Iceland was the first country to go dry, prohibition being marked on the statute books in 1919. When the measure came up before the King of Denmark for his signature, as Iceland is a province of that country, the monarch remarked that he hoped he would have the pleasure of in a short time affixing his signature to a similar document in Denmark. After his return, Osterlund stated a campaign would be inaugurated for prohibition.

After serving three years on the Italian front with that army, Capt. Cacitro spoke as the delegate from Italy. The captain's remarks were rather short owing to the fact that the members had to leave on the nine o'clock train for Saskatoon.

If the hopes of the Rev. John Dawson, field secretary for the prohibition Alliance, Dr. O'Connell is in charge of the party on its western tour, was the next speaker and stated the object of the tour is to get impressions as to how the movement is progressing. There are four delegations now touring the western states and Canada, and all were larger than the one present in this city. The tour commenced directly after the Dominion conference which was held in Toronto on May 22nd. The tour will wind up in Washington, where all delegates will attend the world-wide convention for prohibition.

The field secretary of the Dominion Alliance, Dr. O'Connell, who is in charge of the party on its western tour, was the next speaker and stated the object of the tour is to get impressions as to how the movement is progressing. There are four delegations now touring the western states and Canada, and all were larger than the one present in this city. The tour commenced directly after the Dominion conference which was held in Toronto on May 22nd. The tour will wind up in Washington, where all delegates will attend the world-wide convention for prohibition.

During the morning the delegates made a tour of the city in automobiles and also visited the University of Alberta under the direction of Registrar E. Race and Professor Sheldon. All the visitor expressed delight at the facilities for education in northern Alberta. They also paid a visit to the government building and were afterwards the guests of Premier Stewart at a luncheon in the Macdonald.

The benefit of the prohibitory liquor laws as it affected the city of Edmonton and surrounding country was the keynote of several addresses delivered by prominent citizens in First Presbyterian church Thursday afternoon for the information of Temperance delegates from various European countries who are gathering firsthand information on prohibition in principle and practice.

There were present representatives from Italy, France, Ireland, New Zealand, Scandinavian and other countries who are on a mission of securing data for their respective countries on the prohibition laws of the various countries and states of the American continent.

The meeting was held under the auspices of the Edmonton branch of the Alberta Social Service league and was presided over by H. H. Hull, being addressed by Bishop Gray, who gave the Anglican point of view on the prohibitory law; W. G. Carpenter, who discussed the question from a standpoint of education; Magistrate Mrs. Murphy in its relation to crime; A. M. Macdonald from the standpoint of better home conditions for children; Mr. Scott from the labor point of view; Miss Chabane from the rescue work standpoint; Dr. H. E. Smith, from the medical viewpoint, and Mr. Hull from the business man's standpoint. All of these were convinced that conditions were so improved under the prohibitory law that it would be nothing short of disaster to go back to the open bar again.

## Labor and Capital.

Work without wages is slavery. There must be wages or there can't be work—in a free community. There can't be wages unless there is capital to pay wages.

Work can only be carried on successfully if a fair living wage is paid. Capital can only exist if there is profit on its investment.

Workers must have fair wages and capital must have fair profits or productive industry must cease. To kill the profits on industry is to kill the capital invested in it and to deprive the worker of work and wages by stopping the industry.

Wealth is the product of labor—plus thrift, plus good management, plus opportunity.

Capital is invested wealth. The worker who destroys wealth by making capital unprofitable cuts himself or some other worker out of a job.

Capital is a necessity of industry, but the activity of capital must be regulated and its profits kept within bounds. It must bear the chief burden of taxation. It must be harnessed and worked for the common good.

A world without capital would be a world without work. A world in which a hundredth part of the people now living well would find it difficult to exist.

But if capital is destroyed by its profits being cut off it cannot work for anyone, or do anyone any good.

Capital is like intoxicating liquor. It is not the use but the abuse that is objectionable and dangerous to the community.

"Predatory Wealth" is a phrase that fits well in these days of food profiteering.

It is the duty of constituted authority to prevent the incursions and exploitations of predatory wealth. If constituted authority does not function, then change the authority.

Don't destroy the automobile because there is something wrong with the spark plug. Rather have the spark plug put right, and get the benefit of the inventive genius, mechanical skill and capital invested in making the auto, in its effective use.

Don't kill capital, keep it working and it will give work and wages to labor. But, like the worker, capital must have return or it ceases to work.

## The Growing Season Begins.

The long looked for and much longed-for rain has come, and is none the less welcome because in part the downfall arrived in the form of snow. This will provide a covering for tender plants in the event of frost, while in the thawing process the ground will get a more thorough soaking than had the same amount of moisture fallen in the liquid form. The snow, too, will effectively extinguish the forest fires which have been burning in many districts for weeks past, and with the stimulus given to vegetation there should be no more trouble from this source. Already the air has been gratefully cleared of the smoke that has been unpleasantly noticeable for several weeks, and a clean breath is once more among the things possible in attainment. Seeding and planting operations are practically completed and fields and gardens will in a few days show the effects of timely moistening, while the freshening of the pasture should help increase the milk supply. The climatic conditions favorable to a successful year's production of eatables, so apparent during the seeding period are thus continued. The growing season has arrived.

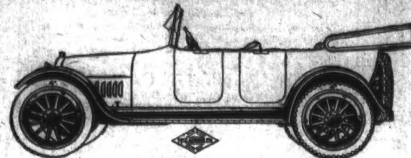

## Returning Men Willing To Act If Required To

Halifax, May 29.—All members of the Canadian corps cavalry brigade consisting of the Fort Garry Horse, the Strathcona Horse, Winnipeg, and the Royal Canadian Dragoons, Toronto, have been invited to volunteer for strike duty in case the need arises. Shortly after the Carman docked this morning an invitation reached the responsible officers, which had the effect of holding up the disembarking of men aboard the liner.

The troops were informed that their services might be required for the further purpose of preserving law and order in Canada and volunteers have been called for. They were told that they would not be used as strike breakers and that they would first be given furlough.

It is understood it is the intention to send the Strathcona Horse to Calgary, the Fort Garry to Winnipeg and the Dragoons to Toronto for service if needed. Most of the men have expressed their willingness to serve if required to do so.

The strike committee has made an appeal to Premier Borden. It is a document notable for the half truths it contains. Fortunately the premier has advisers who will give him the whole truth before he makes any moves to bring about a settlement.

## Local Notes

### AN OPPORTUNITY AT GULL LAKE

We have a number of choice frontage lots in Lake View Park well treed and good road. Price \$100 per 54 ft. lot. Jesse Fraser Agency, Lacombe.

Rev. H. Assiter will conduct services next Sunday, as follows: St. Cyprian's church at 11 and 7.30 and Holy Communion at St. Jude's, Blackfalds at 9 o'clock.

### For Sale

Case threshing outfit. 20-60 engine. 36 x 58 separator. In first class shape. Price \$3,000. Terms \$1,000 cash, balance in three full payments. Hemmery and Co.

The man who makes a holler about this rain spoiling the roads for joggling is not a true westerner. The rain will ensure the crop, which without the crop there would be mighty few opportunities for joy riding.

The Red Cross Society will meet on Friday, June 6th at the home of Mrs. Bolton.

Services will be held as usual at St. Andrew's Church next Sunday at 11 a.m. and 7.30 p.m. Choir practice will be held on Friday Evening at 8 o'clock. New members are cordially invited, and will be assured of a welcome from Prof. Touche. Special music next Sunday evening.

George Wallace, railroad contractor, who went from here to France early in the war, left a number of dump wagons, scrapers, etc., in Lacombe. Some of them have been taken away, and the owner is anxious to locate them. If you know where any of these articles can be found, please notify Thos. Dagg.

Assortment Baby Carriages, Go Carts, Strollers, Lacombe Furniture Store.

Prof. Touche is prepared to enroll music students for the season commencing with September. He urges the parents to start their children quite young which is the only way to develop their playing ability to the full. His success as a teacher is the fact that two out of eight who tried the Toronto Conservatory examinations held last at Indian Head passed with honors. Prof. Touche will have his studios in the cottage opposite St. Andrew's Church.

New Perfection Oil Stoves two and three wick at—Morrison and Johnston, Ltd.

B. F. Allison, of Clive was in town on Tuesday morning. He was not quite awake when he got here, and had a few remarks to make about the new time table on the east branch, by which a fellow has to stay up all night to catch the west-bound train.

The wages case, Henderson v. Reeves, came up before Judge MacHaffy last week, and was decided in favor of Mr. Reeves, the decision of the trial judge being upheld and Henderson's appeal thrown out. M. MacDonald represented Mr. Reeves, Mr. McClure, of Red Deer for Henderson.

There will be a social in Milton school house on Tuesday evening, June 10, at 8 o'clock, proceeds to be given to Rev. H. Assiter, who is leaving shortly for the U. S.

You are cordially invited to attend.

Automobile Tires, Dominion, Good-year and Partridge. Morrison and Johnston, Ltd.

R. H. Inglis left for Calgary on Tuesday to secure the programme for Saturday night's show. While there he will try to get the Episode of the Brass Bullet that was missed last week and if successful in procuring it it will be shown on Saturday night instead of Monday. There will be a good program on Saturday so be sure and attend. **WILL MEET YOU THERE.**

Large, new stock Bedroom and Parlor Furniture, just arrived. Lacombe Furniture store.

The Women's Institute wish to thank Mr. Milne and his staff for assistance given the women in providing the dinner at the Bull Sale last week.

Harry Parker, M. M., son of Mr. and Mrs. J. T. Parker, returned home on Monday evening. Harry went over with the 66th Battalion and was later transferred into the 24th, with which unit he served during the war. He is in good health, and the "same old Harry."

Seymour Edmunds, another Lacombe boy, arrived home on Monday evening after seeing a lot of hard fighting overseas.

For Sale: Ford truck. Guaranteed in good order. Price \$350. Terms. Hemmery and Co.

C. F. Dameron will sell by public auction the household effects belonging to Rev. H. Assiter, at the Church of England Rectory on Saturday June 14th at 1.30. (Also horse, harness, buggy and cutter.)

Rockers, New Goods, easy, restful and nice appearance. Call and see them. Lacombe Furniture Store.

The Red Cross Society acknowledges with thanks the sum of \$7 from the children of the North Star School per Miss Marjory Day.

St. Cyprian's Guild will hold a ten cent tea and sale of baking in the next room on Saturday afternoon next.

## \$2000 for Soldiers Is Not Too Much

Every Canadian Soldier who answered the call for men and went overseas and helped to make possible the defeat of Germany and her Allies is deserving of the \$2000 being asked by the Veterans, and they should get it without much quibbling. True, the total amount to be raised by Canada for this purpose will be an enormous sum of money, but no greater than the sum would have been had the war continued another year or two, and we think the Canadian people are prepared to pay for peace what they would have to pay for war. It does not seem fair that to receive any assistance from the country a soldier must go on a farm, as the majority of our boys are not farmers, and have no inclination in that direction. The chances are that a very large

proportion of the boys, if they took up the land scheme, would not make successful farmers, and in every case of failure the country would be out several times the thousand dollars asked for. Many of the Veterans wish to make some business, and \$2000 cash would go a long way towards helping them in this direction. Others wish to go through university, and the \$2000 would see them through. Others again wish to own a home of their own, and \$2000 would place them in a position to realize this wish. And aside from any other consideration, if the Dominion of Canada can make an amiable settlement with her fighting men at the price of \$2000 each, we are getting off cheaply. Hardly a man who went overseas in a man who went over but has in the past four or five years lost a great deal more than this amount, and those boys who went over before their education was completed lost more than any of us can estimate—\$2000 is nothing when compared to the loss.

The Veterans should make a determined stand in this matter, and with the assistance of friends of their cause outside their organization, they should have no difficulty in getting the government to consider the matter favorably. The people of Canada are behind the soldiers.

## Health Inspection in Schools

It is of prime importance that school trustees should avail themselves of the services of the Public Health Nurses, who, next week, shall be stationed in different centres in the Province to conduct child welfare stations and to inspect the children attending school. Although for years it has been optional with the trustees in rural school districts to have medical inspection of the children attending school, but a small percentage of the schools have been so inspected. To render this service more general and at the same time to reduce the expense of the School Districts, Registered nurses, by means of a special course of instruction given at the Provincial University, are being qualified to do this work. In the various cities towns and villages throughout Canada where there is inspection of schools by doctors and nurses, about forty percent of the children are found to have ailments that are prejudicial to health. Although the Legislature did not make such inspection compulsory in rural schools, it is inescapable fact of where a Nurse-Inspector is located would do much to except send a request at once that the school be inspected. The Department of Health is hearing about one-half of the whole expense. It trains the nurses, pays their salaries, and living expenses, and the school district is asked to pay only a maximum of \$20.00 with a minimum fee of \$10.00 for such inspection of all children attending any rural school. There is heavy demand from various parts of the province for such inspection. There are only twelve such specially trained nurses in the Province. Ten will be placed at particular centres and two will probably be given each a roving commission.

The necessity of such inspection may be illustrated by the average result of such inspection in 1910 of the schools of ten leading cities in the United States, where on an average of 1000 children in

spection it was found that there were defects and ailments injurious to health at the time of inspection in the following number of children, as to teeth 415, throat 201, eyes 153, nose 108, glands 118, ears 30.

Professor Osler, recently addressing the Academy of Medicine in London, England, said "If I were asked whether more physical deterioration was produced by alcohol or by defective teeth, I should say by defective teeth." If school trustees are in doubt as to the beneficial result of the inspection of their school by a nurse-inspector, they are advised to write the Secretary Treasurer of any school thus far inspected. There were only four such nurses heretofore qualified. They inspected a number of schools last year and these, among others, Coaldale, Consolidated, Crystal Lake, Bowyer, Pioneer, etc., near Lethbridge; Scottfield, Consolidated, Rainbow, Keystone, and others near Youngstown; Killam, Poplar Park, Asquith, etc., at or near Killam; Vermilion, Centre, New Mansville, Bowring Green, etc., at or near Vermilion.

Several towns and villages are now co-operating with the trustees of surrounding districts so that a nurse may be stationed to conduct child welfare work and to inspect the schools and give health talks in every district. The Minister of Health has found that while the fee of from \$10.00 to \$20.00 according to attendance is considered very reasonable as to rural school districts, straight maximum charge of \$20.00 per room in the towns and villages is considered excessive and the Minister agrees that it is excessive. He has therefore written parties interested and stated that for their effort in co-ordinating the work that to any town or village that secures co-operation of at least ten rural school districts, that is inspection and furnishing transportation for the nurse, he will allow such village a deduction and the amount to pay will be \$20.00 for the first room and only \$10.00 for each other room. Thus in a five-room village or town school the payment will be \$60.00 (not \$100.00). The minister holds that he can observe the Statute by giving the trustees receipt for the remaining \$40.00 for services rendered the Department and similarly in all cases, no matter what is the number of rooms. It should be clearly understood however, that no nurse will be placed at any centre to do child welfare work, except in connection with school inspection. It is hoped that the eight graduating nurses will commence work next Monday.

The average parent in the province of Alberta is alive to the necessity of thorough inspection of all school children, lest one of his children may be desk-mate to a child afflicted with a communicable or other disease. In some school districts it has been found that there are forty rate-payers and only a few children attending school, therefore the minimum fee of \$10.00 applies and therefore the cost to each rate-payer is but 25 cents. It seems quite clear that as to any trustee who does not bestir himself and immediately arrange to have his school inspected, his service as a trustee will not long be required in the district. Requests have come from several districts to recall trustees who are not active in taking steps to secure school in-

spection. The Public School Inspectors are very enthusiastic over this work and are willing to give all the assistance they possibly can to assist in the necessary organization or in any other way.

## Alexandra Chapter O. E. S. (Contributed)

On Wednesday evening, May 28 Alexandra Chapter No. 4, O. E. S. held one of the most enjoyable evenings of the year, it being a special meeting called for the purpose of initiating Mr. Arthur Jenkins. It is the first time this Chapter has had the pleasure of conferring the degrees of this order on a returned veteran, and the welcome of all present was warm and sincere. After a short time spent over the lunch table, our worthy patron, Dr. Roberts, spoke of Sister Aldwinke leaving for England, that country known only to her through her husband having been born and living his early years there. Sister Aldwinke has been a faithful member of Alexandra Chapter for eight years, and although we are sorry to have her away for six months, we are glad to have her enjoy such a trip as this will be and we wish herself and daughter Margaret a pleasant and safe journey over land and sea. Another pleasure of the evening was having Sister Jean Hill with us again after her long illness. It was a pleasure to see her take her former interest in the Chapter. Alexandra Chapter meets at least once a month, and we would at any time be glad to welcome any strangers who are members of this order in town or country.

Team and Harness For Sale  
Team and harness, also three tents 12x12, 10x10, 7x10 for sale. Apply to A. S. Stewart, Lacombe.

### A Child

can operate it—requires attention but once or twice a week.

## To The Public

If you are considering the purchase  
of an automobile this season keep in  
mind the little 490 Chevrolet. As far  
as we know this is the lowest priced  
electrically equipped, starter, and  
lighted car in the world. For that  
reason alone it is entitled to your con-  
sideration in buying a car for service.  
There is only one lower priced car  
sold, so you can easily see why so many  
are buying this car. Model 490 is a  
motor car standard it has a distinct  
position among transportation vehi-  
cles. Here is a complete automobile  
meeting the requirements of Millions  
and fitting the pocket of millions.  
Look these cars over at my show  
rooms before buying any car.  
W. E. Tees, Dealer.
